<b>REFERENCE</b>	Kreuzhuber, Katia. "Human Limitations - Limited Humanity: The Possibility of Going beyond Borders." <i>Ars Electronica Blog</i> , 9 Aug. 2019, <a href="https://ars.electonica.art/aeblog/en/2019/08/09/human-limitations-limited-humanity/">ars.electonica.art/aeblog/en/2019/08/09/human-limitations-limited-humanity/</a> .
<b>SUMMARY</b> (place your 2-paragraph summary)	<p>Delving into the relationship between human beings and technology, particularly in the context of art and society, exploring how technological advancements shape people's perceptions and experiences with the potential and limitations they bring to humanity. The author reflects on how technology serves as a double-edged sword, offering immense possibilities for progress while posing challenges and risks to human existence.</p> <p>While technology can extend human capabilities and offer new modes of expression, it can also dehumanize and alienate us from ourselves and each other.</p>
<b>CONCEPT/IDEA</b> (place your output)
